

Chat saved from Disaster Preparedness Seminar

In response to the question: What do you have in place right now for the next disaster?

- 18:11:25 From Brian Gryder : escape plan, first aid kit
- 18:13:02 From SCORE Orange County : All family health, personal, photographic data & docs are scanned, uploaded to the cloud & backed up to external drives every month.
- 18:14:14 From SCORE Orange County : We also have solar on the roof with a battery in case of electrical outage.
- 18:14:40 From Brian Gryder : Reacted to "All family health, p..." with 
- 18:14:50 From Bettie Owen, She/Hers, Board Prez : Wow Pete!
- 18:14:56 From Bettie Owen, She/Hers, Board Prez : That is amazing.

What kind of drills besides drop, roll etc did you get in school?

- 18:18:27 From Brian Gryder : Shooter drill
- 18:18:46 From Brian Gryder : Es=arthquake drill
- 18:18:49 From Renee Johnson : I did the nuclear attack drill
- 18:19:00 From Brian Gryder : Reacted to "I did the nuclear at..." with 

One piece of advice PG&E gave was to call 911 if any issues:

- 18:24:19 From Brian Gryder : <https://www.verywellhealth.com/before-you-call-911-on-a-cell-phone-1298351>
- 18:24:30 From Bettie Owen, She/Hers, Board Prez : Thank you Brian

What have you done to move your business offsite if something happens?

- 18:28:51 From Brian Gryder : We set up remote access via Citrix, pretty seamless transition to work from home.

18:37:45 From Brian Gryder : Citrix is a “virtual desktop.” I can access my “computer” anytime and anywhere. When on vacation.

18:37:51 From Brian Gryder : <https://docs.citrix.com/en-us/citrix-virtual-apps-desktops/technical-overview.html#:~:text=Citrix%20Virtual%20Apps%20and%20Desktops%20are%20virtualization%20solutions%20that%20give,anywhere%20access%20for%20any%20device.>

What do you need to do right now to prep your business?

18:38:21 From SCORE Orange County : Have Food, water, medicine for employees on hand

18:40:17 From SCORE Orange County : Second site with all necessary items (phones, power, computer systems, etc.) necessary to run the basic business

18:42:10 From SCORE Orange County : at least 25 miles from primary site in case of widespread infrastructure damage.

18:47:20 From Brian Gryder : I keep my NPR/Eton/Grundig solar radios in a window.

18:50:25 From Brian Gryder : Look for rechargeable batteries that ate “low self discharge”. And expect them to run down much faster than advertised.

19:00:38 From Bettie Owen, She/Hers, Board Prez : We have been having earthquakes in the 3.5 to 4.5 range the last few days!

19:01:19 From Brian Gryder : Whistle!?! (PG&E suggests you have whistles and glow sticks taped under desks so that you can be found if the building collapses around you. Easier to blow on a whistle than to scream and yell. Glow sticks if it is at night when the first responders arrive.

19:04:56 From Brian Gryder : monthly updates to records

What will you do in the next week to prepare:

19:05:29 From Bettie Owen, She/Hers, Board Prez : Put stuff in the trunk of the cars

19:05:46 From Bettie Owen, She/Hers, Board Prez : also figure out how to use Eileen’s electric car to power things

19:05:58 From Bettie Owen, She/Hers, Board Prez : Utilize our safety deposit box!!!

19:06:02 From SCORE Orange County : Put my critical physical docs in my small fireproof safe

19:06:59 From Brian Gryder : Replying to "also figure out how ..."
Nowadays, you can use your car as a giant battery.

19:08:13 From SCORE Orange County : Keep our pets carriers handy
